

Disney's Fort Wilderness Resort & Campground: Guidelines for Holiday Decorations on Guest Sites

For years, Guests at Disney's Fort Wilderness Resort & Campground have enjoyed displaying holiday decorations on their campsites. We would like to continue this tradition, and for the comfort and safety of all Guests, we ask that you follow these guidelines:

- **Displays in Public Areas:** To ensure the safety of our Guests, please do not place holiday decorations in public areas. Holiday decorations are limited to the Guest's campsite only.
- **All holiday decorations need to be at least five feet away from all sidewalks:** If your site is adjacent to a sidewalk, please do not place decorations within five feet of the walkway. This will maintain clear and safe access for all of Guests who utilize sidewalks.
- **All holiday decorations need to be at least 30 feet away from all main roadways:** To minimize traffic congestion and the distraction to nearby motorists, all holiday decorations need to be at least 30 feet from the main roadways.
- **All holiday decorations need to be placed on the Guest site:** The site boundaries are defined as the space that is halfway between one site pad and the next. All holiday decorations need to be inside of this boundary. Any decorations that disrupt or interfere with a neighboring site will need to be removed or relocated.
- **Any holiday decorations that are suspended from trees must be illuminated:** Please remember to maintain clear visibility for all decorations that are suspended from trees or other items. Any suspended decorations which pose a potential hazard to the safety of our Guests will need to be removed or relocated.
- **All holiday decorations must be in good taste:** We ask that all holiday decorations be family-friendly, please.
- **All electrical power access must come from the Guest's own site:** All decorations that require electrical power must only be powered from the Guest's own site. Plugging into a neighbor's power supply or into a public area location is prohibited.
- **All electrical cords must be secured and clear from all walkways:** To maintain a safe environment, we ask that all electrical cords be secured.
- **All outdoor lighting must be outdoor-rated:** Please do not use lighting or electrical cords that are intended for indoor use only. All lighting must be clearly marked as UL approved. Please consider fire safety at all times.
- **Use of LED lighting is strongly encouraged:** To conserve energy, and to ensure an adequate power supply, please use LED lighting for all light displays.

Please let a Cast Member know if you have any questions about these guidelines. Thank you for visiting Disney's Fort Wilderness Resort & Campground. Have a magical day and a safe and happy holiday!
